Annette,
Thanks for your email.
As the timescale given is very short, please could I have an extension for two weeks until 11 September?
An extension is necessary due to our client's staff holiday bookings.
I will pull together this information and supply it by return email as soon as I have it.
Regards

Dear Kenny Wintle

We cannot process your application due to missing information or payment

Application reference: EPR/NP3025MA/A001
Applicant: JDR CABLE SYSTEMS LIMITED
Facility: JDR Cable Systems Blyth, Unit 1, Northumberland Energy Park, East Sleekburn, Bedlington, Blyth, NE22 7FJ

Thank you for your application received on 24/08/2026.

Your application is missing key information or a payment. We cannot process your application further until we receive this information. Please send the information below by the end of **28/08/2026**.

1. We require the full dates of birth (DD/MM/YYYY) for all the current appointments, not just the month and year.

If you cannot provide the information in this time please let us know and we will return the application.

Please reply directly to this email with your information and copy in psc@environment-agency.gov.uk

Why are we asking for this

We require key information requested by our application forms before we can process applications. We want to give applicants who may have this information prepared but have forgotten to provide this an opportunity to send this to us quickly. Where this information has not been prepared we will return applications so applicants can re-apply when the information is ready.

What happens next

If we receive the information by the deadline we will process your application and allocate this to a Permitting Officer for checking. If we do not receive this information we will return your application.

Environment Agency Pre-application Service

We recommend that you talk to us if you do not have the information prepared and wish to re-apply. We offer limited pre-application advice on how to prepare your application at no extra charge. If more help is needed, we also offer a discretionary enhanced pre-application service. This service is chargeable.

For further details and a pre-application request form, please see our website:
https://www.gov.uk/guidance/get-advice-before-you-apply-for-an-environmental-permit

If you would prefer a paper copy of the pre-application request form, please phone our Customer Contact Centre on 03708 506 506.
