Hereford Quarries Ltd – Permit Variation Non-Technical summary

The current Standard Rules Permit, Standard Rules Set SR2015: No 39, allows 60,000m3 of waste material to be deposited at Upper Lyde Quarry. This future permit application will:

- Vary the Standard Rules permit to a Bespoke Permit.
- Increase the permit boundary.
- Increase tonnage to allow an additional 260,000m3 of waste material to be deposited for recovery at Upper Lyde Quarry.

Proposed Extension to Permit Boundary (Red)

Proposed Deposit volume increase

Increase tonnage to allow an additional 260,000m3 of waste material to be deposited for recovery at Upper Lyde Quarry.
